

# "Off The Grid"

# A Going Green Initiative

Rosslyn Academy is committed to environmental stewardship. This project, to our knowledge, will be the largest solar initiative by a K-12 school in East Africa.

## Fund-Raising Campaign Phase 1

We are excited to roll out the first fund-raising campaign for the going green initiative. This project is an ambitious one that will greatly reduce our environmental foot print, as well save the school a significant amount in electricity costs. We would love for you to help support this effort. Every donation, whether big or small, will go a long way.
